

# STRAIGHT DOWN PIPE

for WRX/STI '02-'07 USDM **Ver.2**

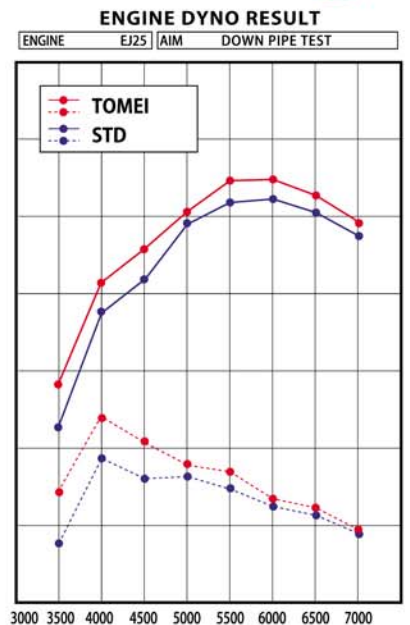

## Maximum Weight Reduction, Optimum Performance, Catless Design

Tomei Catless Straight Down Pipe dramatically improve exhaust flow and significantly reduce over 53% of weight vs. stock down pipe. Addition to massive torque and power increase, lightness dramatically improves handling.

### 2 Piece Layout

The newly designed 2 piece Layout promote even weight distribution, minimize dimension changes from heat expansion and complete precise installation.

Lost-Wax casting requires NO welding thus delivering superior precision and strength.

Significant diameter increase resulting in dramatic exhaust flow improvement.

The flat flange adapts wide range of aftermarket exhaust systems. (excluding stock).

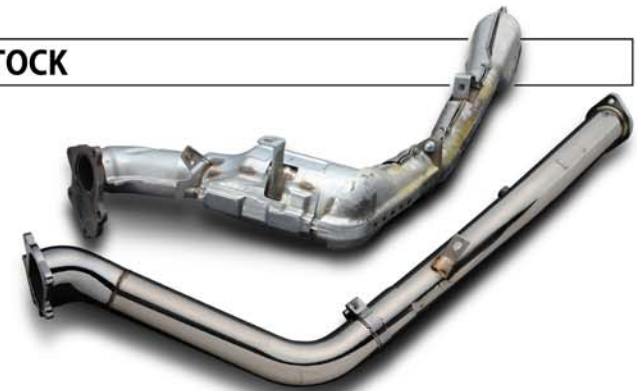

A/F sensor ready.

### SPECIFICATIONS COMPARISON VS STOCK

Enlarged pipe diameter and catless design boost up exhaust flow.
